

Devika Kumar

Associate Vice President

With more than 17 years of healthcare experience, Ms. Kumar delivers Revenue Cycle management solutions to QHR Strategic Initiative clients. She leads the Revenue Cycle team whose expertise spans the entire spectrum to include patient access, coding and chargemaster, case management, health information management, patient financial services, and managed care.

Prior to joining QHR in 2005, Ms. Kumar led multi-million dollar Revenue Cycle engagements at Stockamp and Associates. While at Stockamp, Ms. Kumar also participated on a development team to create a Patient Progression product that reengineered the patient throughput/patient flow process. Ms. Kumar also performed process improvement projects in various aspects of hospital operations during her tenure at Premier.
